COMMUNITY NOTICES • There are currently measles outbreaks happening across the world, including here in New Zealand (Canterbury). We have had eighteen cases this year in Auckland. Measles is a serious disease and symptoms include a high fever, runny nose, cough and sore red eyes, followed by a rash starting behind the ears and spreading to the body a few days later. One in 10 people with measles need hospital treatment and the most serious cases can result in deafness or swelling of the brain. If you are concerned that your child may be showing signs of this serious illness, please keep them home from school and call your doctor or Healthline on 0800 611 116. It's important to call first because measles is highly infectious and could infect others in the waiting room. www.orpchs.health.nz/public-health-topics/disease-and-illness/measles/
